## Calling All Creatives!

There are a number of projects being worked on by staff, church committees, and agencies we partner with, that could be benefited by some additional creative talent. If you like photography, videography, video editing, graphic design, web design (graphical or technical), or have other creative talents, we would like to talk with you. Even if it is a new hobby for you, we would love to find ways to get you involved. Contact [Pastor Mark](#)

## Sunday Parent & Balcony Notes

**Kids on Sunday Morning** ~ It has been a joy to see so many kids playing and having a good time with each other on Sunday mornings! It seems that the net in the gym has been a big help to give kids a place to safely play during fellowship time after church. We just wanted to remind parents that we do not have any staff or volunteers assigned to monitor the children after the worship service ends, we trust the parents to oversee their children during this time. We would ask that children who wish to run around or play with balls stay on the kids' side of the gym. We try to put out toys that are safe for a larger group of kids, so please refrain from getting out additional toys from the closet. We would also ask that kids not go in the sanctuary or balcony to play (if you are in the sanctuary, you can certainly have your children with you, we just ask that unaccompanied kids not be in those locations.) Thanks for your help in giving our kids space to play while also keeping everyone safe.

**Balcony** ~ In order for people to be best connected to each other in Worship, we encourage you to join us on the main floor of the Sanctuary for Sunday Worship, reserving the balcony for our sound team. Also, for the safety of our children and the protection of our sound equipment, we plan to keep the balcony locked except when services are occurring. If you need access to the balcony, contact Bill Batdorf or [Pastor Mark](#).
